

## COMPATIBILITY WITH V2 / V3 POWER UNIT

Dear customer, Please remember that to maximise the performance of your EPS drivetrain and ensure that its safety, performance, longevity and functionality are not compromised, the 6 components of the EPS drivetrain must be used with the components of the Campagnolo 11 speed mechanical drivetrain; EPS components cannot be used together with components not manufactured by Campagnolo.

### 1 - CRANKSET COMPATIBILITY

ULTRA TORQUE SYSTEM (STANDARD) NEW - MY 2015	53/39	
	52/36	
	50/34
